UJDREADFUL

CI/TRCO/GTS

23 19 June 1969

I reviewed this file on Saturday and particularly the speculations on whether the CATIDE officer being run by the CIS double agent (see ( ) 12 606 of 6 Nov 64) was UJDREADFUL.

Aside from the possibility that the drunken CATIDE officer deliberately planted this information on ( ) in order to get it to us, it seems to me that UJDREADFUL is too important an agent to be run by the CIS. UJDREADFUL would be an RIS agent.

If the RIS turned him over to the ~~Stasi~~ Czech IB to run, it can only mean that the RIS considers that UJDREADFUL was completely compromised and worthless. This they could, of course, have learned quite easily from their penetrations of CATIDE at the time of the alleged CATIDE "investigations" of UJDREADFUL.

Of course he is now getting so old that ~~soon~~ he will soon be out of the picture anyhow, I suppose.

After ( ) left Denmark, interest in the case would have lapsed. ( ) was sour on the RIS and hoped one day to pin ~~them~~ them down thoroughly.

This file review convinces me that the RIS aims to assure UJDREADFUL an untroubled existence and with good and probably dreadful reasons.

Thanks, *PS*
